✂ JoAnn is into "green" - looking for ways to recycle what she can. She scours thrift shops and garage sales for 100% wool, be it in sweater form or suit form. The wool is washed and dried – “de-germed” and shrunk. JoAnn is picky about matching colors and designs as you can see.

✂ The mittens are lined with the best fleece money can buy so the mittens are unbelievably warm. Each pair takes her about 4 hours to make.

✂ Not quite comparable mittens are being sold in shops for over twice JoAnn's asking price of \$25.00 per pair, or 2 pair for \$40.00!

✂ The small profit JoAnn makes insures her a plane ticket for trips around the country to participate in Senior Olympic Slow Pitch Softball tournaments.
